Good morning. We saw a bit of a switch in the homeless population between the two BIDs. The HBID count was up by 17 while the SBID count was down by 29. Our Officers Mike and Mike found that several properties have added fencing which seems to be having some impact as people are forced to find alternate sleeping locations. These include the Court House. Firestone on Highland, the Car Wash on Gower and the Car Wash on Sunset. The location where Roxanne Henderson was sleeping has also been secured as well as several dumpster alcoves. Roxanne is no longer at her usual location so we are hopeful that she has moved into Michael's Village. Kerry do you have any information on that?

There was an additional 25 people counted in the SBID this month. We don't know why. Wish we had more data. Over time these counts will be very useful.

We have the new bikes and I thank you for that. They look great. We now plan to increase our Bike Patrols. As this is a significant commitment of manpower, I just wanted to make sure that we were all in agreement that this was the proper course. We are always ready to adjust if our needs change. Thanks again for the bikes. The guys are excited with their new toys. They gave me a tour and showed me how all the various lights work, the attached tire pump, gear bag and on and on. Like Xmas morning for them.

Today we had the pleasure of having three guest speakers at the BID Office. The guests were social workers Erin Krummes and Erin Casey from "My Friends Place" and Police Officer Robert Martinez from the Santa Monica Police Department. The training was in regards to Mental Illness and the Homeless.

Excellent presentation and training. The topics included the following:

Neurobiology of Trauma  
Central Nervous System - The Brain  
Threats/Stress Response  
Trauma

Also interesting were the suggestions they provided for Interacting with people who are intoxicated. Hand-outs were provided. Officer Martinez is the Homeless Liaison Officer for Santa Monica PD and he is a CA certified instructor in teaching mental health issues to law enforcement personnel. He was not only informative in issues that security and law enforcement face with a mentally ill person on a daily basis but also issues of officer's understanding of individuals living with mental illness in the community they serve. Overall, there were four things that the officers got out of this training: Patience, Communication, Provide Options, Identifying Severe Cases and Documentation. See the attachment photos above. This was a great idea Steve and the troops enjoyed it. I will make up a thank you letter and send it to their management.

Subject: Liquor Sales in the Hollywood Entertainment District and  
Sunset & Vine BID

Dear Property Owner/Business Owner,

The Joint Security Committee for both the Hollywood and Sunset & Vine business improvement districts have been following a trend for quite some time which has prompted this letter. For the past several years, between 60 and 65 percent of the arrests initiated by the BID security patrol have been for "drinking in public." For example, to date, in 2007, 69 % of the arrests in the SVBID and 60% of the arrests in the HED have been for violations of 41.27 (c) L.A. Municipal Code.

In order for the BID's security officers to initiate private person's arrests, an officer must witness either public intoxication or the actual act of drinking in public. As an example, in a recent subcommittee site visit to a property in the Sunset & Vine BID area, the group encountered two men who were visibly intoxicated. Over the course of the 30 minute visit, the group encountered the men again, and found one of them drinking from a paper bag in front of a drug store. It was clear that the man had just bought the beer, and should have been denied the sale based upon his visible intoxication. This is a violation of ABC requirements. The man was arrested by the LAPD officers, who happened to be participating in the site visit.

In the two BIDs, there are a total of 14 stores which sell alcoholic beverages. We are contacting each store owner and property owner with such a store as a tenant in order to ask your help in training your staff to abide by the requirements imposed by the CUP granted for alcohol sales. Our intent is to inform the ABC that we are experiencing a significant problem with drinking in public and public drunkenness in the two BIDs and we will ask for assistance in enforcement.

In fact, at a recent Nightclub Subcommittee meeting of the Community Police Advisory Board, a representative of the ABC was on hand to speak to enforcement efforts that are underway in Hollywood with respect to a variety of establishments that sell liquor. (See attached notice that is recommended for prominent posting in your stores.)

With your help, and the help of your tenants and their staff, we should be able to significantly reduce the incidences of public drunkenness in the two BID areas. This will free up our security officers to remain patrolling the sidewalks and deterring

crime. We will discuss this issue further at the next joint meeting of the two Security Committees scheduled for September 13 at 10 a.m. at the Taft Building, Room 200. If you have any further questions, please do not hesitate to contact me at 323-463-6767.

Sincerely,

Kerry Morrison

The report is 63 pages long and I have included numerous photos of suspects and homeless people such as Karalee, George and Serge. Last year I spent \$500.00 between Kinkos to make the copies and for the notebooks. I don't know how many copies we made, but it was less than 60. I also have Asked Joe Mariani to provide a print out of the Board members and Security Board members. A photo of you and your staff would be nice as well. I also asked him to print out the arrest map and stats for 2013.

I finished the report today and it will be proofed over the weekend. This does not leave a lot of time before Thursday. Kerry, how many copies would you be able to handle? Bill, does Burbank have the capacity to make this volume of color copies? If not, should I use the Kinko's option and expense it? I'm sure it will be higher than last year.

Friends, happy new year.

I just noticed this 7-11 a few days ago – it is at the NE corner of Hwd/Gower.

*The new 7-11 located at 6051 Hollywood Blvd. is now open for business. On 12-30-13, Sgt. Reyes stopped by and spoke to employee Jose Luis. He said they are not selling alcohol at this time, but expect to have their liquor license in three to six months.*

I am going to agenda this item on our next Security Committee meeting – to discuss this situation with our 7-11's. One of the things we want to do in the new year it take a long look at where our chronic inebriates are getting their alcohol. This little corner has long been a problem for us, even without alcohol sales.

I cannot remember quite where we left the issue with the one that wants to locate in your neighborhood?

## WEEKLY ACTIVITY REPORT

12-23-13 through 12-31-13

STEPHEN SEYLER /1-1-14

### HOLLYWOOD BID:

The teams made a total of 19 arrests. Thirteen were for drinking in public, 1 for urinating in public, 1 for illegal vending, 3 for blocking the sidewalk and 1 miscellaneous misdemeanor. They also made 3 homeless referrals, made 6 agency assists, provided 32 foot beat patrols for a total of 46.2 hours, made 425 citizen contacts, handled 60 radio calls for service, and contacted 295 businesses.

### ARRESTS OF INTEREST:

On 12-27-13, we received a call from H+H Security regarding a man who was exposing himself to woman in front of the GAP located at 6801 Hollywood Blvd. Our Officers arrived and saw Jason Rivera expose himself to three different women. They contacted him, but could not arrest him for the violation as we could not locate any of the victims.

In the interest of problem solving, we wanted to get this man off the street. We then arrested him for illegal possession of a shopping cart.

The Flashy Jason Rivera

**Taaka Takedown!** On 12-27-13, we arrested Steve Adams for drinking the notorious Taaka Vodka at 5873 Hollywood Blvd. This vodka has emerged as a clear favorite amongst the COS crowd (connoisseurs of the street). This is also the cheapest brand which clearly has a lot to do with its popularity.

**Steve Adams Takes a Taaka Break**

The last arrest of 2013 honor goes to Yulia Sovdagarova (9-6-76). Our Bike Team found her drinking in public in the 1700 block of Cahuenga. Our first documented contact was on 10-7-07 when we arrested her for drinking in public at 6450 Sunset Blvd. She came here from Moscow. We have arrested her about eight times over the years for drinking and trespass.

#### EVENTS OF INTEREST:

On 12-23-13, Sgt. Patton conducted an extra patrol of the supposedly vacant Rita Regency Apartments located at 1737 Las Palmas. The garage doors are boarded up and the front gate chained. The entrance door to the front is also boarded up.

The maintenance crew from the Rubix Apartments advised that they have seen people climbing the fence in order to get into the Regency complex. A man known as 'Animal' also advised that people will climb the driveway gate where the bars are bent allowing them access.

On the morning of 12-30-13, we received a call from Maintenance man Mark Murillo at the Rubix Apartments. He caught two men breaking into a car. He chased them and was punched in the face by one of the suspects. He received a serious bruise on his face. One of the suspects climbed the wall into the Regency Apartment complex. We held the perimeter while the LAPD searched with negative results.

We located a Security Guard who was on duty at the location. He was from Security Specialist (1500 Glen Oaks Blvd., San Fernando Ca. 91340, 818-785-5831). He said that all the lower apartments were boarded up and locked and he did not believe any people were sleeping or hanging out there. He also said that someone would need a step ladder to get access to the second floor apartments.

I contacted Captain's Zarcone and Palka and updated them on the situation at the property. Captain Palka advised that he would forward the information to his Patrol Officers and HED Team.

On 12-27-13, our Officers found a woman walking at Hollywood and Vine with no pants on. One team stayed with her while a second went to the Church to get her some pants. Before the Officers could return, the woman boarded a bus. There's always something interesting to see when you use mass transit in Los Angeles. Perhaps they might want to make a commercial based on this incident.

The new 7-11 located at 6051 Hollywood Blvd. is now open for business. On 12-30-13, Sgt. Reyes stopped by and spoke to employee Jose Luis. He said they are not selling alcohol at this time, but expect to have their liquor license in three to six months.

On 12-31-13, we found a man down in the parking lot located at 1724 Vine. We were unable to rouse him. We called Paramedics who responded and took him to the hospital.

On 12-31-13, we assisted Karina who was stranded with her daughter after losing her car keys. Our PSO's got her assistance and she was able to avoid losing her job.

### SUNSET BID:

The teams made a total of 6 arrests. Three were for drinking in public, 2 for urinating in public and 1 felony. They also made 19 homeless referrals, made 2 agency assists, provided 9 foot beat patrols for a total of 16.3 hours, made 143 citizen contacts, handled 36 radio calls for service, and contacted 147 businesses.

### ARRESTS OF INTEREST:

On 12-30-13, we received a call of a theft at the Walgreens located at 1501 Vine. Our Bike Team Officers spotted the suspect who ran from them. He ran into the Siren Studios property and security there was soon giving chase as he refused orders to leave the property. Our Officers pursued on foot and on bikes.

The suspect jumped a fence into the yard of a house at 6087 Harold Way. As our Officers surrounded the area, they saw him jump another fence at 6082 Selma. He was then taken into custody. Samuel Rivera from Walgreens was brought to the scene and he identified the suspect. The stolen property (tube of Abreva-Herpes medicine) was recovered from the suspect.

The suspect said his name was Alex Hurst, but, we later learned that the suspect's real name was Darryl Horne (11-22-81). After being turned over to the LAPD, they changed his charge to the Felony of Petty Theft with a Prior.

Mr. Horne learned two things at the end of 2013. It doesn't pay to steal and it's hard to outrun three guys on bikes supported by four more Officers in vehicles.

Happy Felon Darryl Horne

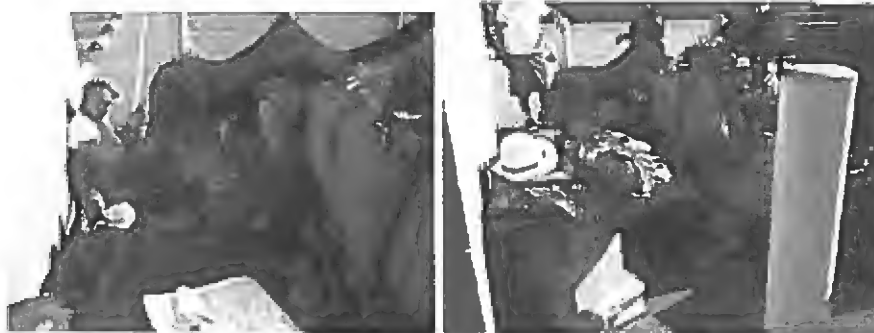

### EVENTS OF INTEREST

On Christmas morning, the Bike Team conducted their first annual EMO (Egg McMuffin Outreach). They bought 20 Egg McMuffins and gave them to homeless people throughout the two BIDS. One man happily ate the morning treat and then promptly cussed out the Officers. Alas.

EMO Recipients

On 12-29-13, our Officers spoke to a group that had created an encampment at the Social Security building located at 1122 Vine. They all agreed to leave although one, Glenn Grey, was hostile and belligerent throughout the encounter.

Good morning. Unfortunately I will be out of town on 1-10-14, but I want to go forward with the training. Joe Salazar will be there. I am very anxious to get this program started. I am interested in expanding our knowledge in this field and am open to any suggestions for future training. Courtney is also working on putting together some classes for us. Erin's, we will send a car to pick you up next Friday so we won't have to hassle with parking. Robert can just park on the curb in front of our office.

Thanks again for doing this.

Please see attached. The Chronic Offender data base goes back to 2007. I have also included a breakdown of people arrested in 2013 since many of the chronic people have fallen off the radar screen throughout the years. I have thrown in a copy of our proposed letter to the liquor outlets as a bonus. I amaze myself at times!

Subject: Liquor Sales in the Hollywood Entertainment district and Sunset & Vine BID

Dear Property Owner/Business Owner,

The Joint Security Committee for both the Hollywood and Sunset & Vine Business Improvement Districts has been following a trend for several years which has prompted the re-issuance of this letter. Since 2007, 59% of all arrests initiated by the BID security patrol, exclusive of LAPD, have been for "drinking in public." For the year 2013, Hollywood BID Officers initiated 436 arrests for "drinking in public" which equated to 56% of all arrests for the year. In the Sunset/Vine BID, officers initiated 215 arrests which accounted for 68% of all arrests made. This alarming and continuing trend underlies the importance of our community and partners taking a proactive stance to curtail such activity; thereby, enhancing the quality of life for residents, businesses and visitors alike.

In order for the BID's security team to initiate a private person's arrest for drinking in public, an officer **MUST** witness the actual act of an individual drinking alcohol in public. Therefore, these statistics are only a snapshot of the real impact these alcohol sales take on the community and the individuals involved. Throughout the last six years, history continues to repeat itself with various entities continuing to sell alcoholic beverages to individuals who are visibly intoxicated and/or are chronic alcoholics. Alcohol sales to these individuals are a violation of current law, which states: Every person who sells, furnishes, gives, or causes to be sold, furnished, or given away, any alcoholic beverage to any habitual or common drunkard or to any obviously intoxicated person is guilty of a misdemeanor.

In the two Business Improvement Districts combined, there are a total of fourteen stores which sell alcoholic beverages. We are contacting each store owner and the corresponding property owner, with such store as a tenant, to request your assistance in training your staff to abide by the requirements imposed by your individual conditional use permits (CUP's) granted for such alcohol sales. Our initial intent is to work with each entity to educate all employees involved in the sale of alcohol and promote a safer, more respectable Hollywood.

Concurrently, we will be working with the Los Angeles Police Department's Hollywood Division and the Alcohol Beverage and Control Division of the State of California to monitor this concern that continues to significantly impact the quality of life issues in Hollywood. Attached to this letter is a notice that is recommended for prominent posting, in a clearly visible location within your store, to assist your personnel in regard to statutory requirements when selling alcohol.

With your assistance and the help of your tenants and staff, we look forward to dramatically reducing the incidents of public drunkenness in both BID areas and their adjacent neighborhoods. Effectively mitigating BID and LAPD resources currently needed to deter such occurrences will allow both entities to focus their energies on visible patrol efforts and ancillary duties, which will increase quality patrol time and services for the business community.

For further information or inquiries re: this issue or related problems, you may contact me at 323-463-6767.

Further information on Mr. Hinton found deceased at Cafe Etc was that Viviana called us to remove a homeless man at 7:02 AM because he was in the way when the restaurant employees were placing the outside patio table and chairs. Our officers arrived and were unable to wake him. They felt for a pulse and there was none and he was cold to the touch. Sergeant Patton called 911 while Officer Ayala was in the process of performing CPR on Mr. Hinton. Officer Ayala saw signs of rigor mortis and stopped on what he was doing. Paramedics arrived and declared Mr. Hinton dead.

What was interesting regarding this sad incident was that when our officers were preparing in administering the CPR, they saw that a plastic quart containing vodka that was next to him. Ironically, he was just arrested yesterday for drinking in public by the bike team next to the CVS Pharmacy at 1747 Cahuenga Ave. with the same brand of vodka but of a little less size (pint). See attachment. The brand "Gran Legacy" is the same cheap price range of "Taaka Vodka" that the transients get from liquor stores or pharmacies. Mr. Hinton is known to hang around CVS Pharmacy and Playboy Liquor.

Good afternoon Captain. Wanted to give you a heads up on this guy. I have some disturbing video tape of him. He can be seen becoming extremely angry at our Officers and then heading straight out into traffic on Cahuenga. The file was too large to send by E-Mail, but I will put it on a DVD for you. Let me know if you need any further information. Thanks.

## ANDREWS INTERNATIONAL

Good afternoon Captain Palka. I wanted to let you know about this man who is becoming a concern. He could pose an Officer Safety issue for your Officers as well as ours. His name is Anthony Lewis Wallace M/B, 6'1", 190 LBS., 7-21-76, Tattoo of panther on neck.

On 1-14-14, we received a call of a man causing a disturbance at the Yucca Market located at 1813 Cahuenga. It was Wallace and he was threatening people passing by. As he walked away, a man told our Officers that Wallace had a gun and that he had displayed it in a threatening manner.

We called the LAPD and followed Wallace. LAPD Units responded and handcuffed the suspect. He had a replica handgun and toy handcuffs. Wallace was released in the field.

On 1-15-14, we received a call of a man panhandling at 1810 Cahuenga. Upon arrival we saw that it was Anthony Wallace. He shouted racial slurs threats and profanities at our Officers. He ran out into traffic and was almost hit by several fast moving cars. He then pulled out two toy handguns and pretended to shoot the BID Officers. Numerous car horns could be heard as people tried to get Wallace to get out of the street. He finally went on his way.

We had an incident the previous week where Wallace and a toy rifle. He is extremely hostile and seems potentially very violent and unstable. We have known him since 2007 and he has always been hostile, but seems to be taking it to a new level now. I believe that some sort of intervention is needed here as Wallace is becoming a severe danger to himself and to others.

Sincerely Steve Seyler  
BID Security

## WEEKLY ACTIVITY REPORT

1-1-14 through 1-5-14

STEPHEN SEYLER /1-6-14

### HOLLYWOOD BID:

The teams made a total of 9 arrests. Six were for drinking in public, 2 for trespass and 1 for theft. They also made 5 homeless referrals, made 4 agency assists, provided 27 foot beat patrols for a total of 41.7 hours, made 225 citizen contacts, handled 41 radio calls for service, and contacted 264 businesses.

### ARRESTS OF INTEREST:

On 1-3-14, Officer Islas and Sgt. Patton arrested Carl Decker for theft after he took two gallon jugs of Tide from the business at 7021 Hollywood Blvd. When they patted him down for weapons, they found two used syringes and a complete heroin kit. Possession of drug paraphernalia was added to his charges. He was turned over to the LAPD and was booked.

Carl "Too Cool" Decker

On 1-2-14, our Bike Team spoke to the Security Guard at 7021 Hollywood Blvd. He told them about a man who had taken up residence in the planter in front. The man was causing a major disruption as he refused maintenance or anyone else to intrude on his new home. Our officers contacted the man who said he was "Nine Trey". They warned him that he would be arrested for trespass if he did not vacate the property.

On 1-3-14, two Bike Teams (Ramirez, Rosales, Anderson and Trujillo) returned. They then arrested Derrick Phillips (8-2-68) for trespass. Hopefully he will get the message.

Derrick Phillips

On 1-3-14, we received a call of a man refusing to leave Domino's Pizza located at 6051 Hollywood Blvd. Upon arrival our Officers contacted Gerald Murphy (5-13-68). He thanked our Officers for coming to arrest him. When told that they had no intention of making an arrest he said that we had to as he feared he would hurt himself or someone else.

Our Officers told him that he needed to leave. Gerald said that he would do a robbery if he had to so he could go to jail. When told they could not arrest him for nothing, he said what about drinking in public as he took a drink of beer. In fear of leaving him on the street, our Officers arrested him and took him to the LAPD Station. Gerald started crying and continued to talk about hurting himself.

The Watch Commander was informed of all of the above and he contacted the SMART Team who responded and placed a 5150 hold on Gerald.

The Despondent Gerald Murphy

#### EVENTS OF INTEREST:

On 1-3-14, our Bike Team saw a head on collision occur at La Brea and Hollywood. All the people in the involved cars complained of pain to their backs and knees. Paramedics and the LAPD were called. We stood by until the arrival of the LAPD.

On 1-5-13, our Officers assisted after a car struck a motorcycle at Hollywood and Cahuenga. We called Paramedics for the motorcyclist who was taken to the hospital. We directed traffic until the arrival of the LAPD.

On 1-5-14, Sgt. Reyes and Officer Kanagi contacted Al Spencer who was down on the grass at 6407 Hollywood Blvd. He was unable to stand and complained of pain to his back and chest. They called Paramedics who responded and took Al to the hospital.

On 1-5-14, we received a call of a transient sleeping in the driveway of the Motel 6 located at 1738 Whitley. Upon arrival our Officers contacted the long time homeless Kenneth McFetridge. He was lying across the driveway and sidewalk. He said that he was having leg pain and needed an ambulance. Paramedics responded and took him to the hospital.

#### SUNSET BID:

The teams made a total of 6 arrests. Four were for drinking in public and 2 for urinating in public. They also made 7 homeless referrals, made 4 agency assists, provided 4 foot beat patrols for a total of 6.1 hours, made 58 citizen contacts, handled 21 radio calls for service, and contacted 37 businesses.

#### EVENTS OF INTEREST

On 1-2-14, we received an atta-boy from Anahit of the Paragon Cleaners located at 1310 Vine. She is very happy with our patrol and said we have made a difference in the area.

On 1-1-14, officers Kanagi and Gordon contacted a transient at 6290 Sunset Blvd. He was sitting on the sidewalk and had knocked over a patio barrier for the restaurant at the location. He refused to identify himself and was sent on his way.

## WEEKLY ACTIVITY REPORT

1-6-14 through 1-12-14

STEPHEN SEYLER /1-13-14

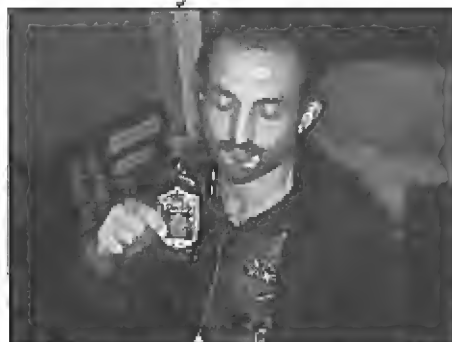

### HOLLYWOOD BID:

The teams made a total of 16 arrests. Eleven were for drinking in public, 1 for trespass, 2 for blocking the sidewalk, 1 miscellaneous misdemeanor and 1 felony. They also made 7 homeless referrals, made 1 agency assist, provided 28 foot beat patrols for a total of 46.8 hours, made 265 citizen contacts, handled 70 radio calls for service, and contacted 344 businesses.

### ARRESTS OF INTEREST:

On 1-8-14, Officers Coogle and Ayala were flagged down and advised that three men were harassing customers and employees at the Subway Restaurant. Our Officers approached and the men shouted profanities and used racial epithets against the Officers. They were escorted outside. The instigator was Curtis Smith (8-22-95). LAPD arrived and ran him on the computer. It was then learned that he had an outstanding felony warrant for Burglary.

On 1-9-14, Officers Mooney and Melvin made the first arrest for imbibing the dreaded Taaka vodka. Ashkan Kashanchi (4-25-81) was drinking the inexpensive beverage at 7080 Hollywood Blvd.

Taaka Strikes Again

### EVENTS OF INTEREST:

On 1-7-14, Officers Melvin and Mooney found Larry Hennaman (6-13-72) lying face down on the sidewalk at 7080 Hollywood Blvd. He had cuts and bruises to his face and hands and did not respond to our Officers. They were able to rouse him somewhat and he appeared to be heavily intoxicated. He

was unable to stand. The Officers called Paramedics who responded and they took him to the hospital.

Larry Hennaman

Our Bike team was conducting a business check at the Colony located at 1743 Cahuenga when they ran into John Tronson of HBID fame. He was there with a client. He was happy to see our teams on the job.

On 1-9-14, our Officers saw that the gate to the vacant Rita Regency Apartments open. This location is becoming an issue that we hope to resolve before it becomes a major crime magnet in the area. Upon checking later, the gate was secured with a padlock.

Our Officers later made contact with Mark Osman who was leaving the location. He said he is a Manager for the company that handles this property. His phone number is 323-464-6000. He said that the plan is to demolish the building and then to rebuild. This could take some time as many permits are required.

On 1-10-14, Erin Casey and Erin Krummes of My Friends Place and Officer Martinez from the Santa Monica Police Department came to our briefing to provide training for our Officers.

On 11-9-13, we had responded to a call of a young woman causing a disturbance at the Library. Upon arrival we learned that the woman struck the female guard several times. She was clearly severely mentally ill. She screamed at and threatened our Officers. She used profanity, racial epithets and demanded that we not touch her. She ended up almost biting off the fingertip of an Officer.

As we de-briefed the incident, we realized that the woman was clearly sending us a strong signal that she would become violent if touched. We have had many other violent encounters with mentally ill people. We then wanted to explore methods that would help us to handle similar situations with less chance of either the mentally ill person or our Officers getting injured. I then decided to call in the Professionals in this area.

Our Officers received training in how to recognize trauma and mental illness including psychosis. What is dual diagnosis (mental illness + substance abuse)? What is trauma and how does it manifest behaviorally? What meaning can you make from behavior and how can you assign meaning so you don't take it personally? What are some tips on de-escalation that helping professionals most commonly use.

There was a good dialogue after the training. We see this as the first in a series of similar training for 2014.

Mental Illness Issues Training

On 1-10-14, we received a call of man sleeping on the sidewalk in front of the Café Etc. located at 6371 Selma. The man did not respond and the Officers touched him and found that he was stiff (rigor mortis). He was cold to the touch and the Officers could feel no pulse. We called the LAPD and Paramedics who responded and pronounced the man dead.

The man is named Steven Hinton (3-16-59, Cal. ID E1210990). We had arrested him on the previous day for drinking in public at 1747 Cahuenga.

He was drinking Garn Legacy vodka which is an inexpensive brand. Our records revealed that we had also arrested him on 2-5-13 at 6385 Hollywood Blvd. for the same charge with the same alcohol.

We found a bottle of this vodka

Arrests from 2-5-13 and 1-9-14

On 1-10-14, our Bike Team contacted Anthony Lewis at 1743 Cahuenga. He had a toy assault rifle. He was very aggressive towards the Officers. He often scares tourists and others with his aggressive behavior.

Anthony Goes Full Auto

On 1-11-14, Officers Coogle and Sterling contacted Veteran Benjamin Wahl and his mentally disabled girlfriend at 1600 Vine. They are homeless and need help. They were advised to meet with Amie of the Lord's Lighthouse tomorrow. Courtney Kanagi was also contacted and will try to assist.

#### SUNSET BID:

The teams made a total of 7 arrests. Five were for drinking in public, 1 for urinating in public and 1 for trespass. They also made 7 homeless referrals, made 1 agency assist, provided 5 foot beat patrols for a total of 8.1 hours,

made 89 citizen contacts, handled 28 radio calls for service, and contacted 91 businesses.

#### ARRESTS OF INTEREST:

On 1-7-14, Officers Melvin and Mooney arrested Yuliya Sovdagarova (9-6-76) for drinking in public at 6326 Lexington. Our first documented contact with Yulia was on 10-7-07 when we arrested her for drinking in public at 6450 Sunset Blvd. We arrested her about five more times over the years until a sudden spike starting last December. We have arrested her about 5 times since then. She never really causes any major issues and we are trying to build a better rapport in hopes of getting her assistance.

On 1-7-14, we received a call that a man was inside El Pollo Loco even though the business was not yet open for business. Officers Ayala and Cooogle contacted suspect O'Neil after he walked outside. LAPD responded. The suspect gave a false name at first. It was learned that he had \$30,000.00 in outstanding warrants. He was then booked.

He said that he found the door open so he went in to use the bathroom.

Ryan O'Neil

#### EVENTS OF INTEREST

On 1-10-14, our Officers met with PATH Counselor Reggie as he was at 1122 Vine with a slightly disturbed client. We stood by until another case worker arrived.

Thanks Kerry. I was planning to send you an E-Mail acknowledging that my report was perhaps too long, but that I wanted to make my case before the Captains. Talk is cheap so I wanted to hit them with solid stats and facts. Like you, I am very encouraged for 2014. Joe and I are dedicated to take this program to new levels. FYI We really enjoy working for you. You are a leader by example and we will support you as best we can. I am in Vegas and all is well.

Hi Steve and Joe,

You already heard from me once re/ the informative report you prepared for the Security Committee yesterday (and we will be delivering these to both BID boards next week). I know you spent a lot of time in the preparation and the attention to detail was excellent.

I wanted to pass along a comment from Captain Palka last evening. I sat next to him at the Hollywood Park Gala, and we were both talking about what a good meeting it was yesterday, and how optimistic we are about the year ahead.

He said that as he and Captain Zarcone were leaving the meeting yesterday, they both came to the conclusion that it would be impossible for LAPD to take care of all the issues that surface here without the BID Patrol. Your ability to share some of these stories, and the evidence of how many calls we respond to (and how many of those would otherwise go to LAPD) underscores how critical our partnership is with them.

I just wanted to pass this along – and include our two security committee chairs. I'm very proud of our program and you guys make us look good. I think we have a fantastic year ahead, and I told both captains as they were leaving last night that we will do everything we can to help them make their crime reduction goals for the new year.

Subject: Liquor Sales in the Hollywood Entertainment district and Sunset & Vine BID

Dear Property Owner/Business Owner,

The Joint Security Committee for both the Hollywood and Sunset & Vine Business Improvement Districts has been following a trend for several years which has prompted the re-issuance of this letter. Since 2007, 59% of all arrests initiated by the BID security patrol, exclusive of LAPD, have been for "drinking in public." For the year 2013, Hollywood BID Officers initiated 436 arrests for "drinking in public" which equated to 56% of all arrests for the year. In the Sunset/Vine BID, officers initiated 215 arrests which accounted for 68% of all arrests made. This alarming and continuing trend underlies the importance of our community and partners taking a proactive stance to curtail such activity; thereby, enhancing the quality of life for residents, businesses and visitors alike.

In order for the BID's security team to initiate a private person's arrest for drinking in public, an officer **MUST** witness the actual act of an individual drinking alcohol in public. Therefore, these statistics are only a snapshot of the real impact these alcohol sales take on the community and the individuals involved. Throughout the last six years, history continues to repeat itself with various entities continuing to sell alcoholic beverages to individuals who are visibly intoxicated and/or are chronic alcoholics. Alcohol sales to these individuals are a violation of current law, which states: Every person who sells, furnishes, gives, or causes to be sold, furnished, or given away, any alcoholic beverage to any habitual or common drunkard or to any obviously intoxicated person is guilty of a misdemeanor.

In the two Business Improvement Districts combined, there are a total of fourteen stores which sell alcoholic beverages. We are contacting each store owner and the corresponding property owner, with such store as a tenant, to request your assistance in training your staff to abide by the requirements imposed by your individual conditional use permits (CUP's) granted for such alcohol sales. Our initial intent is to work with each entity to educate all employees involved in the sale of alcohol and promote a safer, more respectable Hollywood.

Concurrently, we will be working with the Los Angeles Police Department's Hollywood Division and the Alcohol Beverage and Control Division of the State of California to monitor this concern that continues to significantly impact the quality of life issues in Hollywood. Attached to this letter is a notice that is recommended for prominent posting, in a clearly visible location within your store, to assist your personnel in regard to statutory requirements when selling alcohol.

With your assistance and the help of your tenants and staff, we look forward to dramatically reducing the incidents of public drunkenness in both BID areas and their adjacent neighborhoods. Effectively mitigating BID and LAPD resources currently needed to deter such occurrences will allow both entities to focus their energies on visible patrol efforts and ancillary duties, which will increase quality patrol time and services for the business community.

For further information or inquiries re: this issue or related problems, you may contact me at 323-463-6767.

Hello Elizabeth,

Happy New Year to you and your family! I hope you had a great one and that this year is off to a great start. I wanted to check in and see if we are still ok to have our Security Meetings this year at the LA Film School. The school has been a very gracious host, and if possible we would like to continue having the meetings there. If it is ok, our first meeting would be this Thursday (1/9). Please let me know if there are any issues and we will adjust accordingly. Thank you once again!
